FOREWORD

Through its awards program the Wyoming State Historical Society seeks to encourage and recognize efforts to preserve Wyoming history. Candidates for awards have written, published and copyrighted works in the history of Wyoming or have made significant contributions in the area of historical compilations for which adequate publisher markets do not exist.

The awards program also recognizes significant contributions in numerous other areas of historical activity.

Awards are presented at the Annual Meeting of the Society.

Any interested person can, with the approval of the Executive Board of the Wyoming State Historical Society, make a contribution to Wyoming history by establishing and donating to an award that would become part of this program and be administered by the Society. The donor can, with the approval of the Executive Board, specify the rules for the award and designate what the award will be.

Permanent address of the Society:

Wyoming State Historical Society
P.O. Box 247

AWARDS COMMITTEE

The Awards Committee of the Wyoming State Historical Society consists of the Second Vice President of the Society, who is chairperson, and three other members, one of whom is appointed to a three-year term by each incoming Society president. Members of this committee may be re-appointed.

The duties of the Committee are to encourage, through personal contact with chapter presidents and other Society members, and/or publicity in the media, including *Wyoming History News*, the nomination for awards of individuals and groups who have made significant contributions to the preservation of the history of Wyoming and the West; and to categorize and judge nominations in accordance with rules established by the Executive Committee of the Society.

The awards period, except for Cumulative Awards, shall extend the same as the calendar year from January 1 to December 31 with the exception of the Youth Awards, which shall be completed during the current school year.

Deadline for entries: must be postmarked on or before April 30 of the year following the awards period with the exception of the Youth Awards, which must be postmarked on, or before June 1.

Certificates, plaques and other awards will be presented at the Annual Meeting of the Wyoming State Historical Society by the Awards Committee chairperson.

AWARDS PROGRAMS RULES

The activities recognized by the Awards Committee are publications, exhibits, or projects carried out in the awards period, which goes from January 1 through December 31 each year. The Fine Arts award, which honors a work that is historically oriented, is not restricted to the current awards period.

The granting of awards is based on special merit. Awards need not be granted in all categories each year.

Nominations shall be submitted through county chapters if possible. Chapters are urged to use the state awards as a way of honoring local students, researchers, historians, teachers, projects, and members. Nominations may also be made by individual members of the WSHS. **Please do not send more than one nomination per category except in cases where more than one award may be given.**

The Awards Committee may nominate and make awards on its own when no chapter or individual has nominated a project or activity worthy of an award.

When a county chapter submits their nominations, **a cover page or list of nominees** shall be included.

All nominations must include **adequate supporting information** to aid the judges in their selection of the award winners. Each nomination must be on a separate page.

Following these Award Program Rules is a **generic report form on page 6, which is to be used for all local award nominations submitted by county chapters or individuals. Please provide all information requested on the form.** Completing this form will assist the Awards Committee and provide information for publicity purposes. This form should be duplicated for use with each nomination.

When nominating original paintings, sculpture, etc. it is requested that color photos be sent and not the originals. When nominating publications, please send a copy of the publication at the earliest possible time so that the Awards Committee will have adequate time to evaluate.

Nominations must be postmarked on or before April 30 of each year to be eligible for consideration (except for Youth Awards, which are to be postmarked by June 1). Certificates, plaques, and other awards will be presented at the Annual Meeting of the Wyoming State Historical Society in September. Nominations received after the stated deadline each year, or those which do not receive awards in one year may be nominated another year if eligible (i.e., Fine Arts Award, Mabel Brown Cumulative Contribution Award, L. C. Bishop Award, Henryetta Berry Memorial Award, Judge and Mrs. Percy W. Metz Memorial Award and the Clara M. and Henry E. Jensen Outstanding Wyoming Teacher Award).

The Awards Committee will meet in July to judge the nominations. A compilation of award winners will be prepared by the WSHS Awards Chairman with the information to include: Name of the award, who nominated it, the award winner's name, the committee's reason for its selection, and contacts (chapter's and individual's address, phone number and/or e-mail address). The WSHS Awards Chairman will also prepare the awards.

Award winning nominations as well as the others submitted, will be displayed at the Annual Meeting. It is requested that, if possible, each chapter submitting nominations designate a specific individual to retrieve the chapter nominations following the Awards Luncheon or before the close of the Annual Meeting. The name of that individual should be included on the chapter's cover list of nominations.

MAURINE CARLEY MEMORIAL AWARD

The Maurine Carley Memorial Award is made by the Wyoming State Historical Society to an organization or an individual in recognition of an outstanding project in the field of historic preservation. A historic preservation project may span many years, and people are encouraged to submit projects that may represent Wyoming's diverse cultural heritage. Projects may be underway or shall have been completed within the last two years of being nominated for the award.

Possible nominations may include residential, commercial, public, religious, industrial, or institutional buildings, historic sites, trails, cemeteries, archaeological sites, and other places significant to Wyoming history. Preservation projects that focus on objects or items such as photographs, documents, antiques, or books are not eligible for the Maurine Carley Memorial Award. Oral history programs, or similar projects, are also not eligible for this award.

Preservation of sites on the National Register of Historic Places that comply with the Secretary of the Interior's *Standards for Historic Preservation* will be given special consideration. Sites not enrolled in the National Register may also be eligible for consideration. Generally, buildings or objects that have been moved from their original location are not eligible for listing in the National Register unless the location to which they have been moved is characteristic of the location on which they were originally constructed or sited. Although buildings or sites currently used or planned for a use other than that for which they were originally constructed may be considered for the Maurine Carley Award, these buildings or sites should retain features and characteristics that are strongly reminiscent of the original use. For example, a home converted for use as a bed and breakfast might retain these features and traits.

Nominations shall be made by either a local chapter of the Wyoming State Historical Society or the Executive Board of the Wyoming State Historical Society. Nominations must include both a letter and a completed application. A letter to the Historic Preservation Committee, signed by an authorized representative of the local chapter or Executive Board, along with a completed application will fulfill these requirements.

Please note that materials submitted with the application, such as photographs, brochures, and newspaper and magazine articles, will not be returned; these materials should be copies, rather than the originals. Scanned photographs are acceptable. If the project has been listed in the National Register, then it should be noted on the application form, but copies of National Register nominations should **not** be sent with applications.

Entries must be postmarked on or before **April 30** of each year.

The Historic Preservation Committee of the Wyoming State Historical Society will review all complete applications that have been postmarked by the deadline and determine the recipient of the Maurine Carley Award. Usually, one award per year is given. However, if the Committee chooses, it may give more than one award because of merit. All other nominations submitted may be eligible to receive special recognition. The award need not be given each year.

An inscribed plaque, a Schwiering print, and a monetary amount, as determined by the Historic Preservation Committee, will be presented to the winner(s) at the Annual Meeting of the Wyoming State Historical Society.

Maurine Carley, who was a long-time, active member of the Wyoming State Historical Society and acted as its treasurer for twenty years, was a recognized historian and writer.
